

INVITATION

Takeda-organized symposium at the ECC 2022

Cell-mediated treatment in complex Crohn's perianal fistulas

Update on the real-world evidence

Tuesday, 29th November 2022
16:30–17:15 CET

Prof. Damián García-Olmo

Chief of Department of Surgery,
Fundación Jiménez Díaz University Hospital, Spain

Join the conversation here! 

Please note: to attend the symposium, registration with the ECC is required

Discuss the link between underlying inflammation in CPF and the success rates of surgical procedures

Highlight the importance of cell-mediated closure in CPF

Review the latest insights from real-world evidence regarding stem cell use in CPF management

CET: Central European Time; CPF: Crohn's perianal fistulas; ECC: European Colorectal Congress.

This educational symposium is intended for a global audience of healthcare professionals and has been initiated, organized, and funded by Takeda Pharmaceuticals International AG, Thurgauerstrasse 130, 8152 Glattpark-Opfikon, Switzerland.

This programme is not affiliated with the ECC.
